

HEAVY DUTY Workshop Equipment

Product Code: BSP100TA

Air Hydraulic Press

Safe Working Capacity 100,000kg

This "Borum Industrial" 100,000kg Air Hydraulic Workshop Press is designed for automotive, truck, implement, fleet, and industrial repair shops where pressing, bending, straightening, forming, holding work requires high pressure hydraulics. Polished inner cylinder walls extend the life of the hydraulic seals to minimize abrasion and wear, while the cylinder ram and pistons are also polished and chromed, guided by high performance seals, wear rings and dust seals. Includes a dial gauge for dual metric/tons pressure readings.

Features

- Heavy-duty H-frame constructed of high-grade steel
- Built to exacting standards for quality and durability
- Foot operated air trigger ram travel control
- 100mm pressure gauge
- Table winch system lowers or raises the bed
- High quality large diameter hydraulic steel cylinder
- Piston-ram is treated and polished
- Hydraulics are powered with a high quality oil
- Integrated overload protection valve
- Lead-free paint finish to ensure a long-lasting finish
- Paint is oil, grease and dirt-resistant for easy cleanup
- Extra tall working range for versatility

**INDUSTRIAL
QUALITY**

Specifications

- Safe Working Capacity: 100,000kg
- Working Range: 113-813mm
- Overall Height: 2048mm
- Overall Width: 1199mm
- Overall Depth: 990mm
- Bed Width: 787mm
- Piston Ram Stroke: 300mm
- Bed Height Settings: 6
- Operating Air Pressure: 110-125psi
- Air Inlet: 1/4"NPT
- Nett Weight: 652kg

Winch for fast and easy press bed height
Push-button air trigger ram travel control
Easy setup
